President Biden and Congress -

DON'T ESCALATE THE WAR IN UKRAINE!

We strongly condemn the illegal Russian invasion of Ukraine and the brutal war it is waging. And we are deeply concerned by the shift in stated U.S. policy from helping Ukraine defend itself to a new and aggressive goal of weakening Russia economically and militarily by dramatically escalating the shipment of powerful weapons into the cauldron of war. This is extremely dangerous and greatly diminishes the possibility of a diplomatic solution.

It will prolong, not shorten, the fighting, bringing even more death and suffering to Ukrainians. And it may very well spread the war to other countries and lead to a World War and nuclear conflict.

We urge President Biden to reverse course and vocally and vigorously pursue a cease-fire and serious negotiations with the aim of winning, not war, but peace!

TO END THIS HORRIBLE WAR WE DEMAND A CEASE-FIRE AND SERIOUS NEGOTIATIONS.

- TO **SAVE UKRAINIAN LIVES**, we must work to end this war NOW instead of prolonging it.
- We need to **SOLVE URGENT PROBLEMS AT HOME,** not SPEND BILLIONS MORE ON ANOTHER WAR.
- We need **DE-ESCALATION NOT MORE AND MORE TROOPS AND WEAPONS POURED INTO EUROPE that could spark a WORLD WAR and a NUCLEAR CONFLICT that could end life on our planet.**
